

Time-step effects are small; spatial profile sensitivity remains

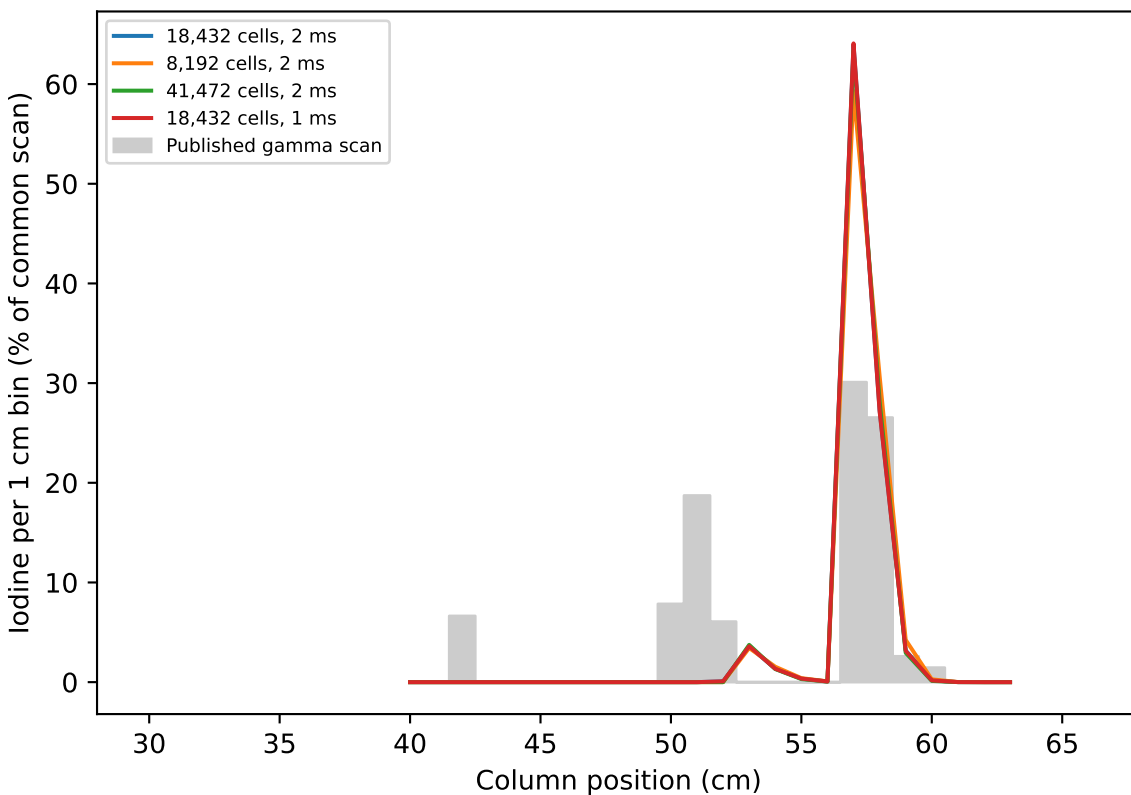

Refinement comparisons; each curve normalised over the common published scan

Pure PbI₂, steel

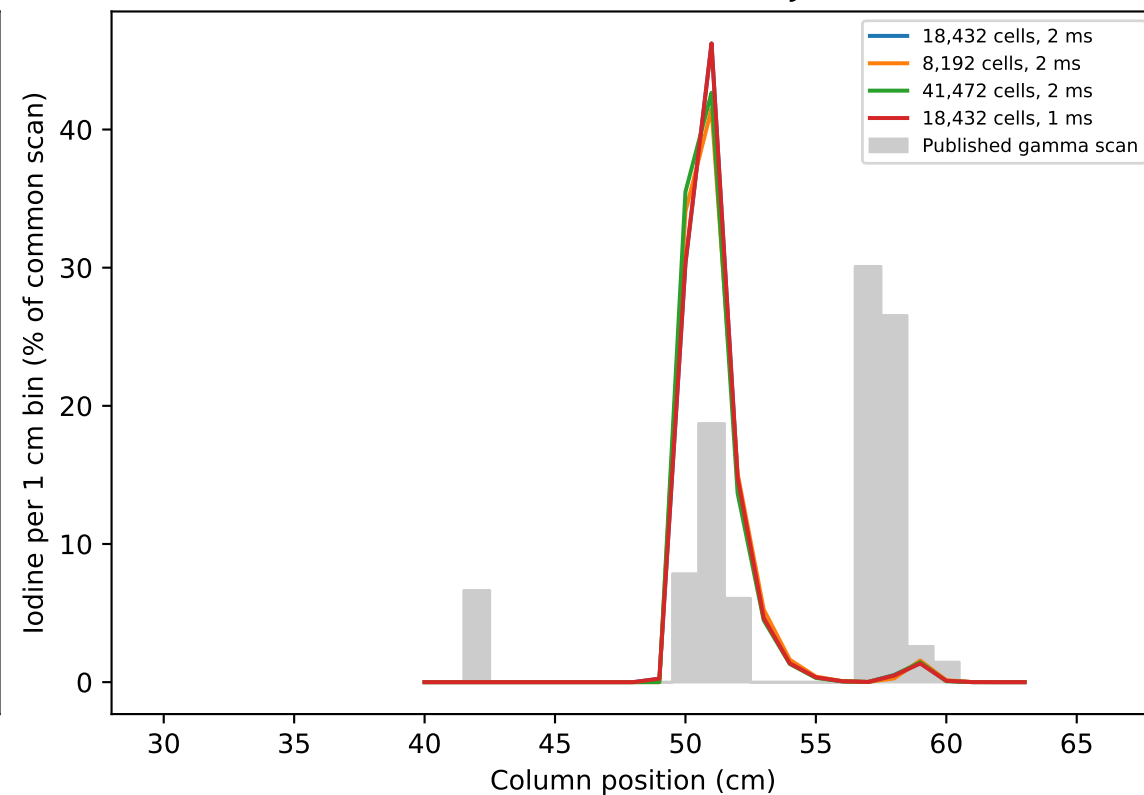

LBE, steel, 0.1% source saturation

LBE, steel, 1% source saturation

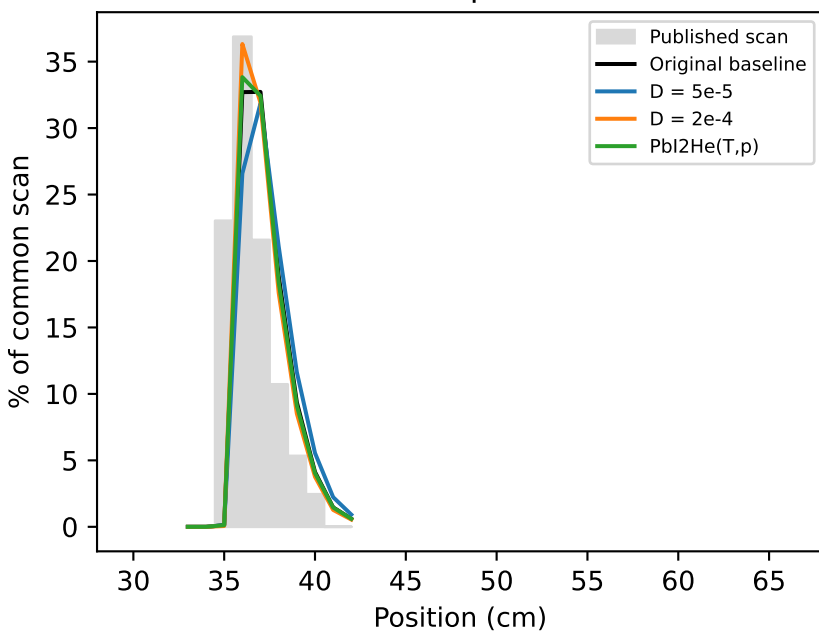

LBE, steel, 1%, Bil +29 kJ/mol

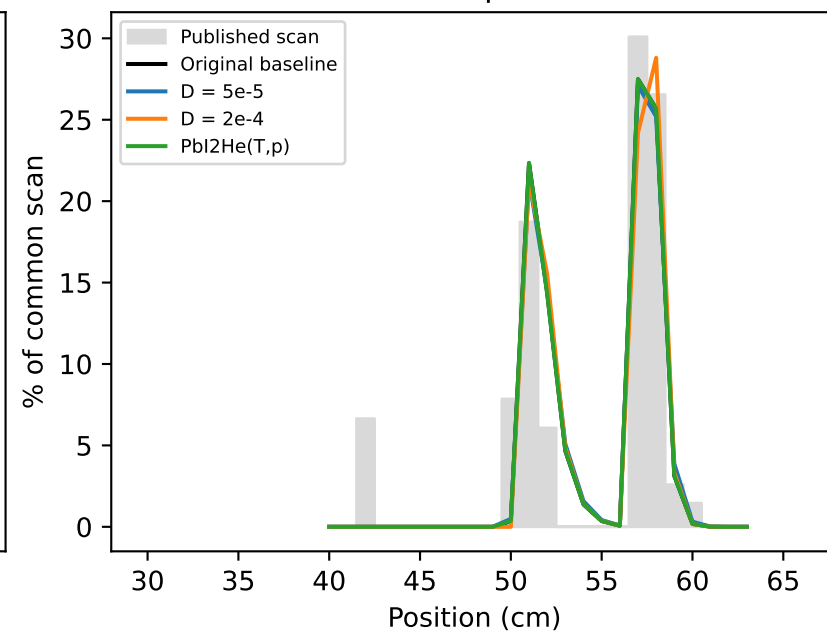

Completed physical scenarios; separately normalised curves, no parameter fitting

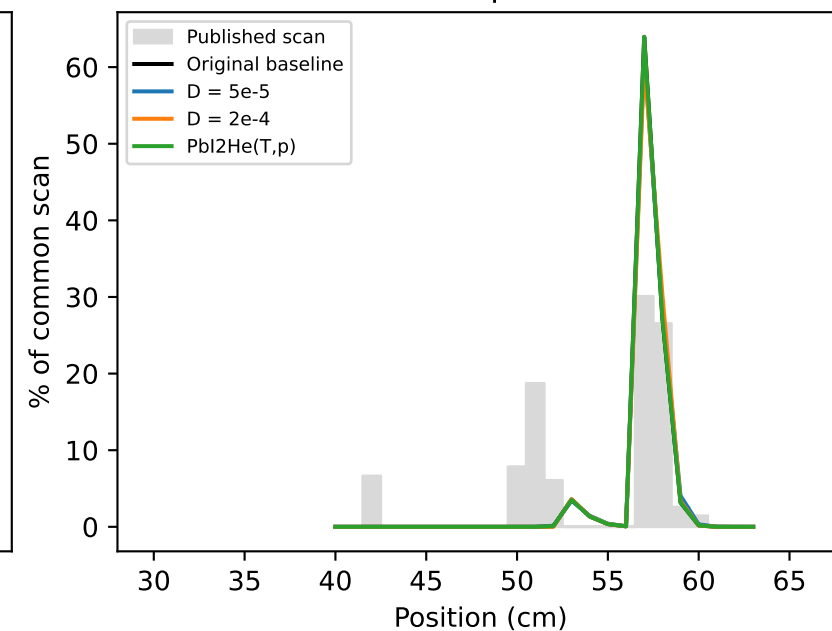

Pure PbI₂, steel
Transport

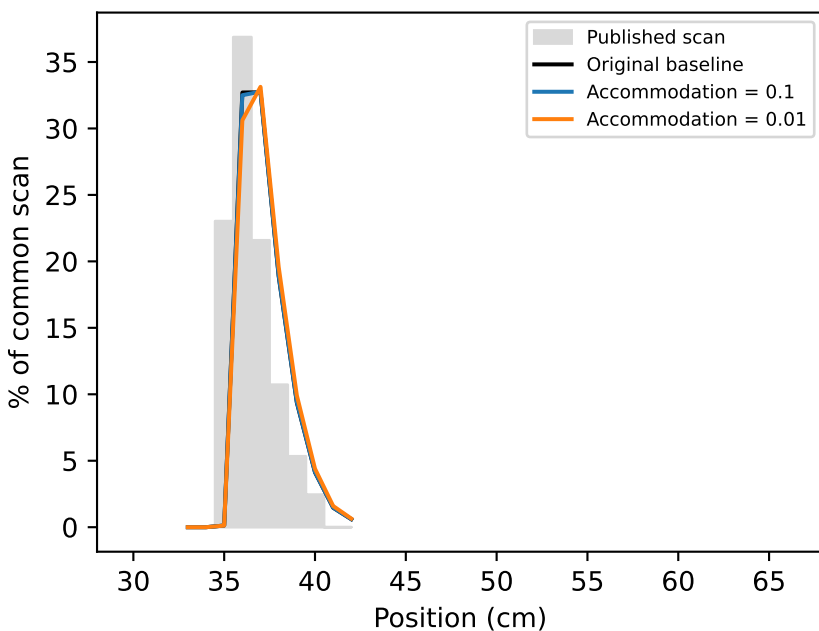

LBE, steel, 0.1% source saturation
Transport
